

- **manual stencil printer S1**
- **incl. rapid tensioning system ( 2 fold )**
- **PCB size: max. 350 x 250 mm**

- **manual precision stencil printer S10**
- **incl. rapid tensioning frame**
- **PCB max. 400 x 375 mm**

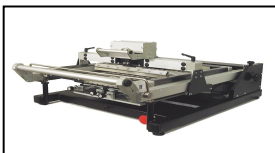

- **squeegee guided stencil printer S20**
- **incl. rapid tensioning frame**
- **PCB max. 400 x 375 mm**

- **auto drive stencil printer S30**
- **incl. rapid tensioning frame**
- **PCB max. 400 x 375 mm**

- **auto drive stencil printer S40**
- **incl. vision and rapid tensioning frame**
- **PCB max. 400 x 375 mm**

- **squeegee guided stencil printer S50**
- **incl. rapid tensioning frame**
- **PCB max. 440 x 440 mm**

- **auto drive stencil printer S60**
- **incl. rapid tensioning frame**
- **PCB max. 440 x 440 mm**

- **auto drive stencil printer S70**
- **incl. vision and rapid tensioning frame**
- **PCB max. 440 x 440 mm**

- **auto drive stencil printer S80**
- **incl. rapid tensioning frame**
- **PCB max. 520 x 375 mm**

- **auto drive stencil printer S90**
- **incl. vision and rapid tensioning frame**
- **PCB max. 520 x 375 mm**
